Person Calling

Office or Company

Telephone Number

Information or Action Sought

Requested clarification on [redacted] ability to return a 2 bit stop pulse. Also clarification of how to generate the 2⁶ bit of the MPC

STATINTL

Information Given or Action Taken

STATINTL

STATINTL

[redacted] 7c would require redesign to produce 2 bit stop pulse therefore [redacted] must be prepared to accept 1 1/2 bit pulse. The 2⁶ bit of the MPC is to be the sum of the longitudinal column.
